

THE DRONE CODE

400ft (120m)

Don't fly near airports or airfields

Remember to stay below 400ft (120m)

Observe your drone at all times – stay 150ft (50m) away from people and property

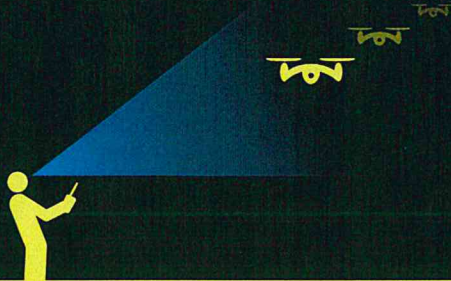

Never fly near aircraft

Enjoy responsibly

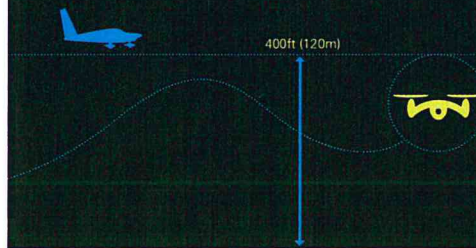

BE DRONE SAFE

Always keep your drone in sight

This means you can **see** and **avoid** other things while flying

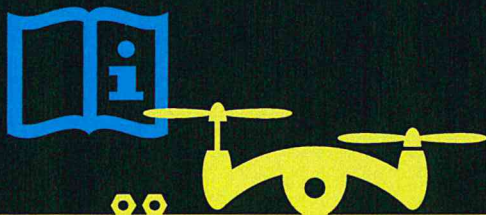

Stay below 400ft (120m) to comply with the **dronecode**

This reduces the likelihood of a **conflict** with manned aircraft

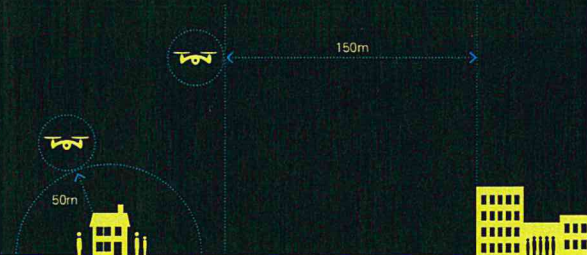

BE DRONE AWARE

Every time you fly your drone you must follow the manufacturer's instructions

Keep your drone, and the people around you, **safe**

Keep the right distance from people and property

People and properties – **150ft (50m)**
Crowds and built up areas – **500ft (150m)** and **don't overfly**

BE DRONE LEGAL

You are responsible for each flight

Legal responsibility lies with **you**
Failure to fly responsibly could result in **criminal prosecution**

Stay well away from aircraft, airports and airfields

If your drone endangers the safety of an aircraft it is a **criminal offence** and you could go to prison for five years
