

CORONAVIRUS

We are opening tomorrow (14th March) as normal from 10am.

To help combat the spread of COVID – 19 while you are with us, we have put precautionary safety measures in place, including:

- Educating our staff on prevention
- Emphasizing frequent and proper hand washing
- Cleaning high contact points more frequently, including tram handrails
- Encouraging electronic and contactless payments to reduce money handling
- Implementing a different ticketing system for tram rides
- We suggest you bring your own pen for signing tickets

In line with government guidance, we are continuing to operate as usual.

We will continue to keep in touch with you and follow official guidance from the UK Government and Public Health England carefully.
